BUDGET

HOUSE REPUBLICANS

REP. JASON SMITH, REPUBLICAN LEADER

When asked to defend a massive spending agenda, President Biden said:

"What would they have me cut? What would they have me leave out?"

We are glad you asked, Mr. President.

Democrat Dynasty Bailout

Under the Biden Bailout Bill, American taxpayers are handing over \$5 million to the Edward M. Kennedy Institute for the United States Senate....[to pay off its debts.](#)

In 2020, that same institute honored disgraced former New York Governor Andrew Cuomo with an "[inspired leadership](#)" award for his handling of the COVID-19 pandemic.

Yes, the same Governor Cuomo who covered up the number of COVID-19 nursing home deaths in his state:

"... a State Assembly investigation corroborated reporting by The New York Times that found Mr. Cuomo's top aides had [overruled health officials and rewrote a department report to keep hidden the true extent of deaths related to nursing homes.](#)"

A shrine to a progressive politician from a Democrat dynasty got a \$5 million taxpayer funded bailout after giving an award to a Democrat politician that covered up deaths in nursing homes. Sounds about right.

Stay tuned for more.
